5 Reasons Why NOW is the BEST TIME EVER to JUMP into the Wellness Market !

This is a wonderful time to be alive and working in the home business profession. Regardless of the ups and downs of the economy or temporary changes, there have never been more opportunities for you to achieve more of your goals — and enjoy a higher standard of living — than exist today by having our own highly profitable home business.

If you're like most people, you've spent years... decades... perhaps even a lifetime... searching for the right 'opportunity'.

My guess is that it's always been just out of your reach.

But instead of despairing that true fulfillment and joy are not for you... And instead of brushing them off as something you'll get "some day"... There is something you can do TODAY to achieve lasting fulfillment, passion, and purpose.

I mean feeling truly fulfilled. Every day.

YOU are now discovering the best possible industry EVER. Everyone is looking for the next new unique wellness and fat loss program. All you have to do is position yourself as the solution to a problem and the flood gates will open.

Talking about wellness – people just LIGHT up!

Maybe it's because we've been involved in the health arena for almost two decades ...

... Or maybe it's because the health industry is just growing ... Growing ... and did I mention G-R-O-W-I-N-G?

Whatever the case – You must know this for a certainty:

If you don't make the decision to JUMP into the wellness field RIGHT NOW – you're doing a serious disservice to your bank account!

And we want to share five of the best reasons to niche yourself in wellness...

Reason #5

One of the fastest growing markets in America ! Personal Coaching is a \$100 Billion Industry.

Over 78 million Americans born between 1946 to 1964 make up the "Baby Boomers" – and THOUSANDS of these folks are turning 50 each and every day!

With a longer life expectancy – they're looking for ways to stay healthy and get more out of life. These folks are not the "over the hill" gang – they're your UNLIMITED SOURCE!

And today, with people realizing the best way to stay healthy is to be proactive, our market includes everyone from 18 to 80!

Reason #4

You can BE your market !

Imagine being the source that could help millions with their wellness goals.

Plus – you've got an inside track to understanding your market.

You may be experiencing new aches and pains anyway – so why not use that first-hand knowledge and experience to make some serious money!

Reason #3

"Niche-ing" – is the key to RAPID success !

A funny thing happens when you create exclusivity – you get MORE business!

When you position yourself as "a person who specializes in the wellness field" – you'll be able to get MORE business than a general "take whatever comes my way" business! In fact

...

... When you "niche" yourself... you may actually DOUBLE your income in one year – and doubled it AGAIN the following year! Specificity sells!

Reason #2

Alternatives to drugs ... surgeries ... and even doctors are hot ... Hot ... HOT !

This booming market is eager to find natural ways that can help them be proactive with their health.

Plus, they're sick and tired of taking fistfuls of prescription drugs... and spending hours ... days ... or months in doctor's visits and hospital stays!

And another thing:

These folks got the purchase power – even in a recession – to pay dearly for natural ways that really work! That means steady income FOR YOU!

Reason #1

You get an honorary “expert” status !

People will flock to you for the secret to their wellness goals – because they really think you're an EXPERT!

So there you have it, the top five reasons why the wellness market is the HOT SPOT for 2010 and beyond!

***Wellness & Weight Loss is a \$58.6 Billion Industry !
PLUS Health Coaching is One of the
Fastest Growing Sectors in the Industry!***

Wellness is one of the fastest growing industries. The reasons why are multiple, but the most dominant is simple - at the end of the day, we are here to make people feel better about themselves. Sexier, healthier, happier, and more productive...

We create and nurture relationships for a living. These relationships are hands-on and literally shape the day, the week and the future for our members. So why wouldn't you choose to be a part of an opportunity that will promote your future and participate in a true environment dedicated to YOUR future.

Now is not the time to walk the sidelines- use your talent to get onto the field! You will have the opportunity to actively connect with others in an exclusive environment.

According to the United States Department Of Labor - Bureau Of Labor Statistics, the wellness industry will boom. That is great news for you!

Pay close attention! The wellness industry is a place you will want to be. The time to build your business is right now.

So why is this industry booming? Here are the current trends:

Trend 1 - People are gaining more fat than ever. Recent reports reveal obesity is still on the rise. More people will need our services as a solution to obesity, and the health complications it causes. A rise in obesity equals a huge opportunity to assist more people.

Trend 2 - Baby boomers are aging! They want to stay fit, and live a long, high quality of life. There is an excellent opportunity emerging in the baby boomer, and senior markets.

Trend 3 - Health care costs are rising. With national health care on the horizon, prevention will be a key in keeping medical costs down. There is no better way to prevent illness than to exercise, and eat a healthy diet.

Trend 4 - More and more research is accumulating regarding the positive effects of exercise, and how it helps mind, body, and spirit.

Trend 5 - More people are turning to wellness services to help them get into shape. The wellness business profession is becoming more recognized, and respected as a viable solution.

Trend 6 - More sedentary lifestyles. The information age has put human beings into a sitting position for too many hours each day. We are sitting too much. People are not moving. Also, as a result of budget cuts, physical education is being reduced, or cut out of some schools entirely. This leads to opportunity for us!

Our Business Model - Referral Marketing

A Better Way to Make Money

To encourage entrepreneurship, AmeriPro Fitness has created an opportunity for millions of people to live a more successful lifestyle. With cutting-edge, exciting programs and generous rewards, AmeriPro Fitness can help you experience your personal breakthrough.

AmeriPro Fitness believes in honoring and rewarding its Affiliates who share the mission and assist new marketers to learn and prosper. The more people you refer, the more you can earn in AmeriPro Fitness. The program is designed to expand through team building.

You have the opportunity to take charge of your financial independence and to promote health and wellness products that can help change your life.

Referral Marketing is the most powerful system of free enterprise in the modern world, and it is the business model that AmeriPro Fitness chose from the beginning. The personal freedom, human connections and self-empowerment that it offers make it the obvious choice for sharing our wellness programs.

AmeriPro Fitness' business model is a product of evolution, outgrowing and outperforming earlier business models by eliminating the middlemen and resellers and the associated price markups. This model unifies the provider and the marketer.

Because AmeriPro Fitness knows that duplication is the key to success in this industry, we have given our Affiliates a fully-automated website, just like this one, designed to do the presentation for them and provide a predictable outcome every time.

This revolutionary system has created an industry-first concept: Direct Referring. AmeriPro Fitness Affiliates are not expected to sell in the traditional sense or teach others how to sell. They are simply expected to invite others to take a look at the presentation systems. These Systems take almost NO EFFORT to use. They will work for you 24 hours per day, 7 days per week, whether you are attracting a Business Partner or approaching a Customer.

By using these Systems, your chances to succeed will greatly increase because they do the exact same presentation every time. Not only that, but as you bring Business Partners into your organization, these Systems will make sure they do the perfect presentation every time too.

Ride the Wave !

Listen to our 3 Minute Opportunity Overview: 1-888-640-9109

According to *The Wellness Revolution* by Paul Zane Pilzer:

"One seventh, \$1.5 trillion, of the U.S. economy today is devoted to the healthcare business (also referred to as the Sickness Industry). However, by the year 2010, an additional \$1 trillion of the economy will be devoted to products and services that keep us healthy, make us look or feel better, slow down the effects of aging, and prevent diseases from developing altogether. The implications of the shift to proactive wellness are far reaching from health to beauty to food to medicine."

Before AmeriPro Fitness could open its doors for business, we were faced with a very big decision. Like most companies, we had to decide how we were going to "get the word out" about our Company and our revolutionary plans.

Our first option was to spend millions of dollars on TV, radio, magazine, and newspaper ads to let the world know about our programs. If we chose this option, we'd be just like most companies you see in the marketplace today.

Our second option was to set aside the millions of dollars we could spend on traditional advertising and use that money to pay for the most powerful form of advertising on the planet: "word-of-mouth." Instead of helping the "retail giants" put more money in their pockets, we could pay people like you for sharing AmeriPro Fitness plans with others. By choosing this option, we could grow our company using powerful "word-of-mouth" advertising while at the same time helping people around the world earn a part-time or full-time income through their own AmeriPro Fitness home based business.

As you're about to read, we chose option #2.

By helping us spread the word about AmeriPro Fitness, you're rewarded for your efforts with an extremely lucrative pay plan.
